G Wing, NBO Building
Nirman Bhawan, New Delhi
Dated: 13th November, 2024

To,
Additional Chief Secretary/Principal Secretary/Secretary - Revenue and Urban
Development Departments - All States/UTs

Subject: Sanction for creation of Land Records in Urban Areas "NAtional geospatial Knowledge-based land Survey of urban HABitations (NAKSHA)" under Digital India Land Records Modernization Programme (DILRMP) - reg.

Madam/Sir,

In continuation of this Department's Letter No 21014/04/2024-LRD (e-3013932) dated 25.09.2024, 28.09.2024, 28.10.2024 and 01.11.2024 regarding launching a new programme "NAtional geospatial Knowledge-based land Survey of urban HABitations (NAKSHA)" for creation of Land Records in Urban Areas as a pilot, I am directed to enclose herewith the revised ULB wise number of Teams, number of Rovers and Sanctioned amount for field survey and Rovers under the Pilot Programme NAKSHA as per Annex-I.

2. For ULBs where the States already have ORI sheet, the area for aerial survey has been mentioned as 'zero' and in these ULBs, the States concerned should proceed with the Field Survey straightaway. The other states/UTs having ORI of sanctioned ULBs in desired specification as stipulated in RFP floated by the Survey of India, may also proceed for ground truthing under intimation to DoLR.

3. The Field Survey using Rovers is a labour-intensive work and for completing it in a time bound manner, multiple teams are required to be constituted. The number of Field Survey Teams and number of Rovers required (after consultation with States/UTs and the availability of Rovers with them) are indicated at Annex -I.

i Each team for field survey should consist of two permanent staff (one each from Revenue and Urban Development Departments) and two outsourced staff (one surveyor and one helper) along with one hired vehicle (with driver). The composition of team may be changed by the States/UTs subject to maximum sanctioned amount.

ii The revised amount sanctioned for Field Survey is calculated based on the number of teams required to complete the survey. The sanctioned amount has been calculated at Rs.80,000 per team per month for a period of four months. However, it will be restricted to actuals wherever utilisation is less than sanctioned amount.

iii Each team has to be provided with a Rover for ground-truthing. States which do not have sufficient Rovers with them need to procure it based on the area sanctioned and the number of teams required to complete the pilot.

iv The amount sanctioned (Annex-I) for the procurement of Rover and ancillaries is Rs. 6 lakh which includes AMC, training and commissioning of the equipment. However, it will be restricted to actuals wherever utilisation is less. Funds for procurement of Rovers are to be met from DILRMP.

4. Additionally, as communicated earlier, a State Programme Management Unit (SPMU) shall be constituted by each of the States/UTs as per the categorization of the states into small and large for implementation of NAKSHA pilot programme. The details of component wise items and rates may be referred to at Annexure IV of this office letter dated 25.09.2024. The number of Experts/Consultants and their salaries shall be decided by the States/UTs as per their requirement subject to the maximum ceiling of funds sanctioned for SPMU.

5. Procurement of Survey Teams, Vehicles and Rovers could be done by the States either as a Complete Service from private vendors or Rovers could be purchased and Vehicles with driver taken on hire and Surveyor/ Helper could be taken on contract or could be hired as a Service. Funds provided by DoLR would be limited to the amount given in Annex - I.

6. The States/UTs may use ETS/DGPS for field survey/ground truthing as per convenience wherever required subject to the sanctioned amount.

7. Survey of India has floated an RFP for hiring of vendors for getting ORIs and feature extraction. The process of getting ORIs would take a few months. The States should, in the meanwhile, start procurement of Survey teams, Rovers and manpower for SPMU. They should be in place and provided necessary training by the time ORIs are received. The development of end-to-end web GIS solution at national level is under process and would be available to states for utilization. The States should also get details of property tax assessees for the Cities, which could form a starting point for preparation of RoRs (subject to further title verification by the Field Survey Team).

8. The States/UTs already having unspent balance of funds under Digital India Land Records Modernization Programme (DILRMP) shall utilise the unspent balance for above said activities and the information of such utilisation shall be provided to DoLR.

9. States/UTs are therefore requested once again to initiate appropriate actions immediately for timely completion of NAKSHA pilot programme in a time bound manner, including the following:

i Constitute teams for Field Survey including hiring/ procuring outsourced Staff and Vehicle and provide them necessary training.

ii Initiate action for procurement of Rovers.

iii Constitute State PMU by hiring appropriate level of experts/ consultants within the funds sanctioned for SPMU.

10. This issues with the approval of the Competent Authority.

Yours Faithfully,

(Sarvadanand Barnwal)

Director, LR
